**OLD BUSINESS**

WEBSITE: Susan, who designed the proposed website, authorized Regina to speak on her behalf. Regina re-capped what had been presented at the last meeting, and answered questions on Susan's behalf. The number of people that should be able to have administrator access to the website and who they might be, was discussed. Concern was expressed about how best to communicate/get info onto the website. The website was accepted.

**NEW BUSINESS**

A sign in LOGO has not yet been determined by the group conscience. Proposals to rectify this include keeping the twelfth street logo(the blue stairs), and having a contest to choose a logo. Pros and cons were presented. A motion to use the logo that Regina designed, as a temporary logo, passed. Choosing a permanent logo was tabled until the next business meeting.

The issue of website administration/coordinator will be re-explored, as new business, at the December business meeting.
